## NOTED EDUCATORS MEET

Washington, D. C., Feb. 24.—Page after page of the register at the New Willard hotel filled today with the names of educators of reputation in their profession. The visitors come to attend the forty-sixth annual conference of the department of superintendents of the National Educational Association, which is to begin a three days' session in this city tomorrow. Several features will combine to make the meeting this year one of more than ordinary interest and importance to the educational world.

The meeting will complete the organization of the department of rural and agricultural education and the educational department of national organizations of women, both of which were authorized at the Los Angeles convention last year of the National Educational Association. In the same connection the educators attending the conference will take steps to urge upon Congress the necessity for larger appropriations for agricultural and rural education.

The general sessions of the conference will be held in the Metropolitan M. E. Church, while a number of other meeting-places will be used for the sessions of the several departments of the conference. President Roosevelt will receive the visiting educators at the White House Thursday.

## NOTHING LIKE IT.

Assassination of Denver Priest Has No Parallel.

Denver, Feb. 24.—Members of the Roman Catholic priesthood in this city declare there is no record in the history of the church of the tragedy paralleled to that of the killing of Father Leo Heinrichs while administering sacrament to Giuseppe G. Guaragnello at St. Elizabeth's church Sunday morning. Never before has a servant of the church, they say, been summoned from the performance of his duties in so tragic and dramatic a manner. This crime will stand out as one of the most fearful in the criminal records of the world and its perpetration may result in the elevation of Father Heinrichs to the position of a martyr and lead to his canonization as one of the saints of the church in whose services he fell while performing his duty.

Father Eusebius, senior pastor of St. Elizabeth's church, received a telegram from the father provincial at Paterson, N. J., instructing him to forward the body of the dead father to that city for interment. Father Eusebius accompanies the body. Funeral services will be held at St. Elizabeth's church at 10 o'clock Wednesday morning, when solemn requiem high mass will be celebrated probably by Father Eusebius. Father W. O'Ryan, pastor of St. Leo's church, will deliver a eulogy and sermon against anarchy and socialism. The funeral services will be attended by 500 members of knights of Columbus, and the entire body of the Knights of St. John and other Catholic organizations. It is the custom of the Franciscan order that no eulogies be preached over a deceased member, but on account of the tragic circumstances and general effect in this case of the assassination upon the public the rule will be set aside.

Giuseppe Guaragnello, the murderer, talked freely in jail concerning himself and this act, for which he declared he has no regret. He said he is a native of Sicily and fifty-six years old. He became a socialist and anarchist at thirty-five years of age. By trade he is a shoemaker. He came to America two years ago and since has been teaching anarchy, working a little at his trade. He lived before coming to Denver at Paterson, N. J., in mill towns in Massachusetts and at Chicago. He came to Denver two weeks before Christmas. The statements of Guaragnello that he is an anarchist are borne out by letters and pamphlets taken from him. Among his effects is a printed list of murders of Czar Paul of Russia in 1801 down to the recent killing of the king of Portugal. He also has many pages of anarchistic literature in his own handwriting and on printed slips.

### Thought Assumed Name.

Wakefield, Mass., Feb. 24.—Guaragnello, the name given by the man who shot Father Leo Heinrichs in St. Elizabeth's church, Denver, was probably assumed. Giuseppe Guaragnello, who lives here, holds an important position in a shoe factory. He was seen and disclaimed any knowledge of the person of his name, who had lived here or who might be the murderer of the Denver priest.

### MAN IDENTIFIED.

Charged With Theft of Large Sum of Money at Paris, Tex.

Amarillo, Tex., Feb. 24.—R. L. Montgomery of Paris identified the man arrested at Shamrock, eight miles from here as the party charged with the theft at Paris last July of an express package containing \$5,000. There was a reward of \$500. Sheriff Hughes and Deputy Sheriff Keeton made the arrest.

### Negro Kills Constable.

Columbia, S. C., Feb. 24.—Ragland R. Brunson, a constable, was shot and instantly killed near Dillon by a negro whom he was attempting to arrest. The negro escaped.

## CHARGED WITH MANSLAUGHTER

Charleston, Ill., Feb. 24.—Judge Peter S. Grosscup of the United States Circuit Court at Chicago, M. S. Sampson, Francis Peabody, Arthur Underwood, directors in the Central Illinois Traction Company, and President Potter, Superintendent Moore and several minor employees of the same company were arranged today before Judge Thompson of the Coles county circuit court to answer to the charges of manslaughter, as a result of the interurban wreck near this city last August, when eighteen persons were killed and fifty were injured.

## BIG CUBAN CELEBRATION

Havana, Feb. 24.—Cubans today celebrated the twelfth anniversary of the declaration and commencement of the revolution which, with the intervention of the United States, culminated in the freedom of the island from Spanish rule. The day was observed as a public holiday in Havana, flags were generously displayed and interesting exercises held under the auspices of various societies.

## BLACK HAND WORK.

Italian Refuses to Pay Money and Building Wrecked.

New York, Feb. 24.—An explosion similar in character to many which have taken place at this city within a year occurred in Brooklyn Monday, when Peter Locato's music store, in Morgan avenue, was wrecked. Locato had received many so-called "Black Hand" letters, but refused to pay for immunity, when his store was first blown up last spring. In December last another bomb was left on a step and doors and windows demolished. Since then he has received several letters demanding money, but ignored them, resulting in the third mysterious attack. The lives of Locato, wife and three children, who occupied rooms in the rear of the store, were endangered by the last explosion, but they escaped with slight injuries.

A few months ago the body of an Italian was found in the street near Locato's store. There was a bomb in the pocket of the dead man, and it is believed he had been delegated to commit some outrage, failed and had been murdered by his associates for failure to carry out instructions.

## NOGI IS SORRY.

Expresses Regret Over Verdict in Stoessel Courtmartial.

Cincinnati, O., Feb. 24.—General Nogi, commander of the Japanese forces that captured Port Arthur, expressed his sympathy for his defeated enemy in a brief cablegram. On receipt of the news that General Stoessel had been convicted by the court-martial and sentenced to death for his conduct of the defense of Port Arthur, the Cincinnati Times-Star sent a cablegram to General Nogi, stating the fact, and asking for a statement of his views. In reply, received Monday, the Japanese leader said: "As a soldier I deeply sympathize with General Stoessel. I cannot bear to state my views."

### SENATORS SECLUDED.

Over One Hundred Secretly Trying Former Official.

Rome, Feb. 24.—Over one hundred senators, composing the high court which is judging the case of Nunzio Nasi, the former minister of public instruction, who is charged with embezzlement from the state treasury, is locked up in Palazzo Madama, the meeting place of the senate. The building has been cleared of all clerks and servants, excepting those strictly indispensable to the deliberations of the senators. The members of the court are being kept in strictest isolation and will not be allowed to leave until they have agreed upon a verdict. The authorities have taken steps to preserve order in Sicily, where popular feeling over this trial runs high.

### Four Mail Clerks Injured.

Flovilla, Ga., Feb. 24.—The Jacksonville and Chicago Limited, known as No. 14, on the Southern railway, was derailed about five and a half miles south of here early Monday. The engine, baggage, mail, combination and one Pullman car went into a ditch. Four mail clerks were seriously, though not fatally, injured. None of the passengers were hurt.

### The Daily Eagle

Entered at the Postoffice in Bryan,  
Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, FEBRUARY 25, 1908

Kansas jumped into the Bryan band wagon with a noise like a college yell.

What Kentucky needs most is a governor with a backbone and a constabulary on the order of the Texas rangers.

Manhattan island, on which a part of New York City stands, has been annexed to the mainland by a tunnel under the Hudson river.

State Press of the Galveston News wonders how a rural mail carrier can maintain his standing in the church, considering the roads they travel over.

The Texas Republic has a rival at last and can no longer boast that it is the only Republican newspaper in Texas. The Dallas American has come to divide honors with it.

Indications are multiplying that the Chicago convention will be an event to be classed with the explosion of Mont Pelée. The Rooseveltians are irresistible and the reactionaries immovable.

During the last open season hunters from other states and countries paid \$2535 for the privilege of shooting at game in Texas. A good many of the hunters killed nothing but time but it was worth the money.

There is no kind of improvement in a town more beneficial and more universally appreciated than good sidewalks. Observant travelers form an opinion of the people of a town from the condition of the sidewalks.

There is a volume of meaning in one sentence from Justice Brewer's latest speech: "Greece is not much larger than a western ranch but she fills a volume in the world's history, while Africa takes but a single page."

Those Fort Worth citizens who petitioned the county attorney to "compel" the Polytechnic Institute track team to wear clothes that would hide their shins and shoulders, must have been inoculated with the germ of mauvais haute.

Mr. Yoakum honestly believes that if the people would elect him governor he would make by far the best executive the State has ever had. There are several hundred Texans who entertain similar opinions of themselves.

### Considerable Cash on Board.

Pittsburg, Feb. 24.—The hurried dispatch of a special train to the scene of Saturday's wreck on the Baltimore and Ohio railway at Sallsbury Junction was explained when it became known there was over \$1,000,000 in cash on board the train. As soon as word of the accident was received a special precaution was taken to guard the money. While the whole train left the track and a prominent German professor was injured, the money was not damaged.

### No Guard Rail.

Denver, Feb. 24.—Sixteen persons were injured, five of them seriously, at Lakeside, a new amusement park, when a car on the scenic railway left the track and hurled its occupants to the floor, ten feet below. The railway was not completed, and the accident was due to the absence of a guard rail at the curve.

He is still on the sunny side of fifty, a native of Boston and a graduate of Harvard. Though he never boxed in the same class with Roosevelt he is a warm friend and admirer of the President and during the campaign of 1900 stumped the Western States with him.

### LOVE TO THE LOCKES.

Metropolitan Insurance Attorneys Cited to Appear

AND BACK UP A CHARGE.

State Commissioner Holds Statement In a Brief Submitted by Legal Firm to Be a Serious One and Wishes It Thoroughly Explained.

Austin, Feb. 24.—A sensational turn was taken here Monday in the suit of the Metropolitan Life Insurance company against Insurance Commissioner Love, which constitutes a general assault on the Robertson law. The turn is in the form of a letter to Attorneys Locke & Locke, in which they are summoned to appear before the commissioner to substantiate a serious charge made in their brief in the supreme court. Mr. Love's letter in substance, is as follows:

"In a recent printed brief filed in the supreme court in the case of the Metropolitan Life Insurance company vs. Love, commissioner of Insurance, signed by the firm of Locke & Locke, of which, as I am informed, you are sole members as counsel for the plaintiffs, there is contained the following statement: 'By creating a vacuum to be filled, it (the Robertson act), has brought into Texas a horde of irresponsible companies; such as it never knew before, save only for the time, a few years ago, when a legislature of good intentions by deficient information put at every road crossing a fire insurance company without assets, other than its gaudy stationery. The evil of these concerns have done will live after them.' After mature deliberation I am convinced that these associations thus publicly made constitute charges of grave violations of the insurance laws of the state, which it is my duty as commissioner of Insurance to enforce. Whether or not this may be correct it is certain that they constitute charges affecting life insurance companies doing business in the state, which it is my duty in interest of policy holders to promptly, fully and thoroughly investigate. By article 3051 of the revised statutes of 1895 the commissioner of Insurance is given the power to summon and examine, any person in the state under oath relative to affairs and conditions of any insurance company. You will therefore, consider this letter due notice and summons to appear before me as commissioner of Insurance in Austin, Feb. 27, 1907, or at any earlier date that may better suit your convenience of which you will advise me, for the purpose of answering all questions that may be propounded touching the companies referred to in your said brief before mentioned."

Commissioner Love asks that they wire him on receipt of letter whether they will appear.

Attorneys General Hadley, Jackson and Davidson had quite a lengthy conference with Governor Campbell and then left to hold a conference between themselves. While it is generally believed that the so-called lumber trust is under scrutiny, it is intimated that something else is receiving attention.

J. W. Blake of Dallas took charge of the Zulch State Bank of Zulch, Madison county, by direction of Bank Commissioner Love.

The attorney general's department through Mr. Hawkins gave out a statement correcting statements heretofore made that suit had been filed against the John Hancock, Mutual Life Insurance company for failure to comply with Robertson law. The suit was filed against this company before the Robertson law became effective and is to cancel its permit.

The M. P. Exline Printing company of Dallas amended its charter by increasing the capital stock from \$100,000 to \$125,000.

Scott, Foreman & Co., the book publishers of Chicago, obtained a permit to do business in Texas. Capital stock is \$100,000. Dallas is Texas headquarters.

### ATTEMPT TO BURN.

Couple of Arrests Have Been Made and Arson Is Charged.

Hillsboro, Tex., Feb. 24.—Shortly after midnight Monday morning an attempt was made to burn a two-story brick building on the north side of the public square owned by G. D. Tarlton, the first floor of which was occupied by the Seachery Furniture company, and the upper story by offices and a music studio. The fire originated in the studio. It destroyed the contents of this room and burned through the floor, badly damaging a considerable portion of the furniture stock before it could be extinguished by the fire department. Damage to the stock and fixtures is about \$2,500, damage to building \$700. The contents of the studio, including pianos, were entirely destroyed. Insurance on studio is \$1,200. Two arrests were made.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful, gentle, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend
